BUILD NOTES · FOR OLIVER

TradeSura — How It Works page

Full rebuild of the "See how it works" page

Issued 30 September 2026 · Matt Wood

The current How it works page is text only, the earnings figures don't match the front screen, and it's a dead end with no button. This page is where engineers decide to sign up, so it needs to **sell**: why join, how it works, what they earn, what they get, and a clear button to start. Below is the full page, top to bottom, with every piece of wording. Reference renders are on page 4.

Priority reminder: the **plan builder and the money loop stay the top priority.** Build this page after, or alongside if it doesn't slow the money loop down.

Three rules for this page

- **Money figures are always the clean 80%.** A £12 plan = **£9.60 a month / £115.20 a year**. Never deduct processing fees on this page. Those pennies only appear in the Payouts breakdown. This fixes the current £111.36 / £5,568 figures, which contradict the front screen.
- **Green is for money only.** £ amounts and earnings are green. Ticks, icons and highlights are brand blue **#5FA3F0**.
- **In-person sign-up is the main route.** The customer signs up on the engineer's phone at the job. The text-a-link option stays in the app as a fallback, but the page never presents it as the main way.

The page, top to bottom

A Top bar

White back arrow + title "How it works". (Existing, keep.)

B Headline

More trust. More customers. Paid every month.

Large, bold, white.

C The 5-step carousel

Horizontal swipe carousel of the **five illustrated cards** (image files supplied, shown on page 5). One card fills the width, with the edge of the next card peeking in from the right.

- Under the carousel: a progress bar of **5 segments**. Segments 1–4 fill **blue** as you swipe. Segment 5 fills **green** on the last card (it matches the payout ring).
- Small grey "Swipe →" hint on the first card only.
- The cards already contain their titles and text, so no extra text is needed around them.

#	Card title	Card text
1	Job Complete	Any job done — install, repair or service. The engineer shows the homeowner their care plan.
2	Signed Up On The Spot	They sign up on your phone in about a minute — no forms, no homework.
3	Confirmation Sent	A text with their plan, full terms and how to manage or cancel, plus a confirmation email.
4	You Get Paid	Your 80% lands in your bank every Friday, month after month.
5	Looked After Every Year	Automatic reminders bring you back for every visit on their plan.

D Why become a member

Section label in small spaced blue capitals: **WHY BECOME A MEMBER**. Five rows, each with a brand-blue line icon, a bold white title and one grey line:

Icon	Title	Line
Shield + tick	Be the trusted installer	Your Verified badge wins customers' trust
Handshake	Keep your customers	They call you, not the next engineer on Google
Calendar + coin	Steady income all year	Plan payments keep coming, even in quiet months
Bell	Repeat work, automatically	We remind your customers when they're due
Boiler + tick	Protect their warranty	Many manufacturers require an annual service

E Your earnings — interactive slider

Card with label **YOUR EARNINGS**. A slider the engineer drags; the figures update live.

- Range **1 to 100 customers**, default position **25**. Label above the slider: "25 customers".
- Monthly = customers × **£9.60** (a £12 plan at 80%). Yearly = monthly × 12.
- Show: large "**£240** a month" (amount in green) and beneath it bold green "**£2,880 a year**".
- Small grey line under the card: "Based on a £12 a month plan. You set your own price."

Customers	A month	A year
1	**£9.60**	**£115.20**
10	**£96**	**£1,152**
25	**£240**	**£2,880**
50	**£480**	**£5,760**
100	**£960**	**£11,520**

Test values: the slider must show exactly these figures.

F We handle the hard bits

Card titled "We handle the hard bits", five rows with **brand-blue ticks**: Direct Debit collection · Chasing failed payments · Customer reminders · Your own sign-up page · Paid every Friday.
Below the card, white italic:

You do the job. We do the admin.

G Your free member pack

Card titled "Your free member pack".

- The **real TradeSura Verified Member badge** (file supplied, shown on page 5), large and centred. Do not use a generic badge.
- Four items in a row, blue icon + label: **Sticker** (van) · **Playbook** (booklet) · **Leaflets** · **Cards** (plain business card icon, no symbols).
- Small grey line: "Posted free when your badge goes live."

H What to say at the job

Card titled "What to say at the job", with the script in white:

"I put all my customers on a care plan now — £12 a month, your annual service is included and you're first in my diary. It takes a minute — shall we set you up now?"

Below, a small heading "Three tips" and:

- Offer at every job, while you're still there.
- Sign them up on your phone there and then. Never leave them homework.
- If they say "not now", offer again at your next visit.

I Quick answers (FAQ)

Heading "Quick answers", then collapsible rows with a chevron. Tap to expand:

Question	Answer
Is it insurance?	No. It's a service plan between you and your customer: maintenance visits and priority booking with you. Never breakdown cover or insurance.
Does it cost me anything?	No. It's free to join, free forever. TradeSura takes 20% of the plan payments you collect, and you keep 80%.
What if a customer cancels?	Their payments simply stop. Plans are monthly with no contract, so nobody's locked in, which is exactly why customers say yes.
When do I get paid?	Every Friday: your 80% of that week's cleared payments, straight to your bank.

Answer wording may be updated once the legal terms are finalised.

J Sticky bottom button

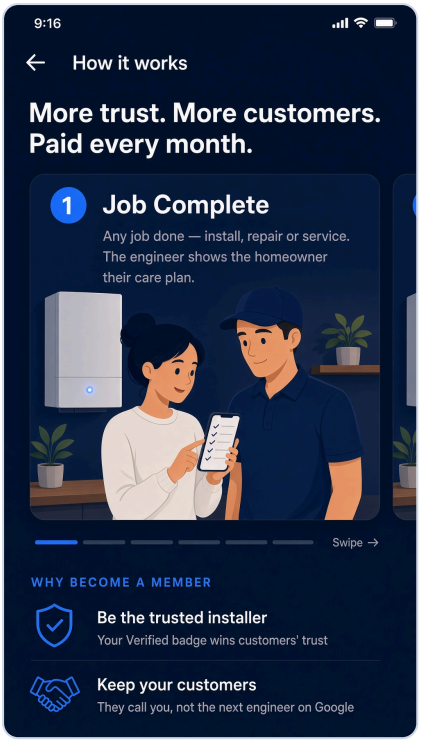

Full-width white button, **fixed to the bottom of the screen** and always visible while scrolling:

Start now — it's free forever

Beneath it, a small grey text link: "Back to home". For signed-in engineers the button can read "Build my plan" instead.

Reference renders — layout and feel

> These show the intended look. Follow the wording in this document, not the renders, and fix the render errors listed under each.

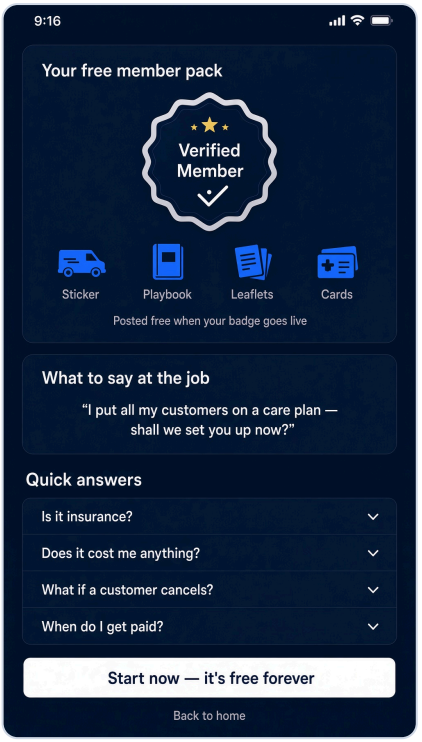

Top

- Progress bar must be **5** segments (render shows 6).

Middle

- Warranty icon: boiler + tick (not bricks).
- Ticks in "hard bits": **blue**, not green.
- Slider: one continuous track.

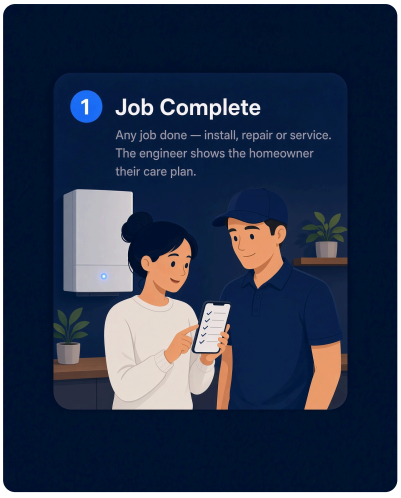

Bottom

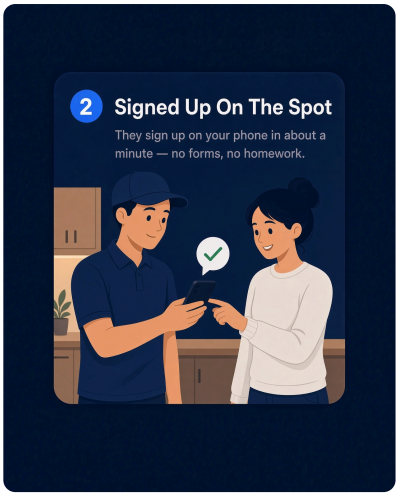

- Use the **real badge file**, not this generic one.
- Cards icon: plain business card, no cross.

> All icons in brand blue **#5FA3F0** (the renders use a brighter blue).

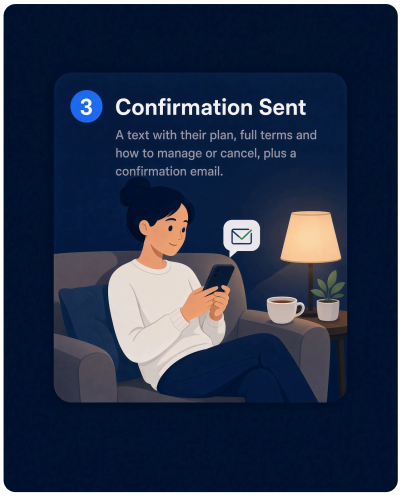

Carousel cards (image files supplied)

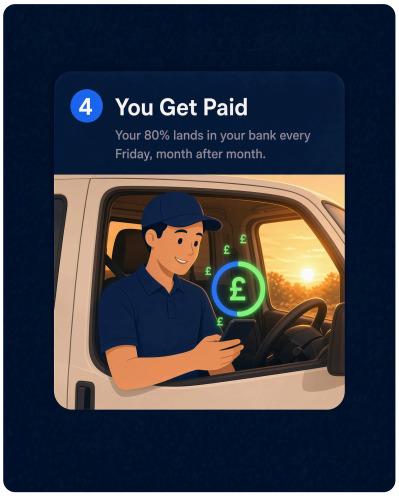

1 · Job Complete

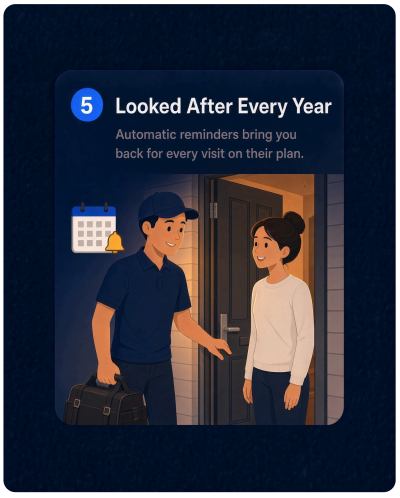

2 · Signed Up On The Spot

3 · Confirmation Sent

4 · You Get Paid

5 · Looked After Every Year

Verified Member badge (section G)

Final vector badge. Use the supplied file, unaltered.
